

# Supervision on Enterprises, Case study

## Trinseo Sverige AB

Michael Werthén,  
Department of Environmental Protection  
County Administrative Board of Östergötland

# Disposition

1. From Theory to Practice
2. Supervision
3. Plan of Action
4. Implementation
5. Follow-up Environmental Inspections

# From Theory to Practice

- Purpose and Objectives
- Self-monitoring
- Considerations

# Supervision

Start-up meeting

- Meeting #1, introducing the method Action plan for management of contaminated sites
- Guideline and Information brochure
- Plan of Action
- Definition of the Installation and its activities

# Plan of Action

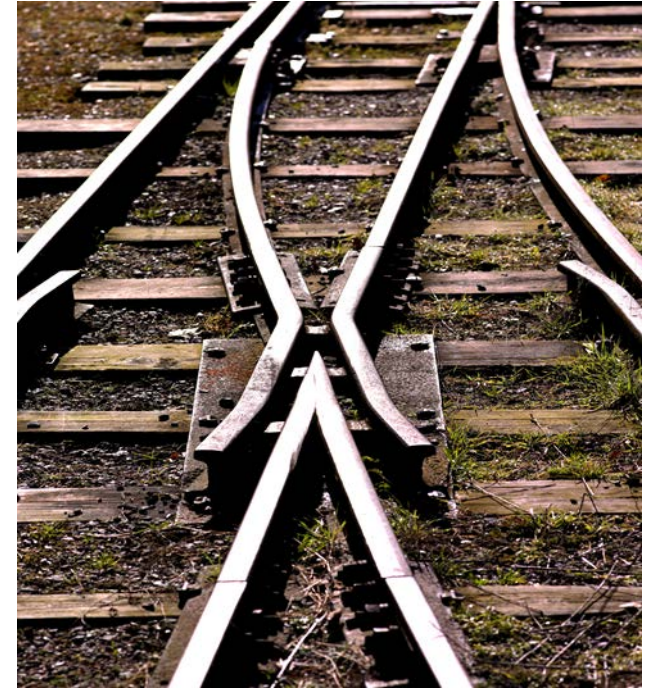

- What-to-do, Where and When?
- A 10-year plan. Not in this case. Why?
- Forecast of Costs? Possibilities in planning.
- Sustainable remediation should be investigated. How and When?

# Implementation

## Self-monitoring

- Meeting #2
- Baseline Report; Best Available Techniques, BAT
- Environmental Report

# Environmental Inspection

- Follow-up through inspections over time perspective
